however been ascertained personally from Comptroller's office that manure & plate realization are being credited to Temple Funds & this seems to be the correct procedure in accordance with G.O. No. 7007-24 L. B. 189-09-3 dt 22nd Feby 1911. vide Subpara under para 3.

As regards the Expenditure on the Sheet also the above order seems still clear.

In the present case the receipts from Cattle fees are over 4000/- & the Expenditure on prizes & Sanitary arrangements is a little over Rs 300/- & there is no need for splitting the Dr Funds as Muzrai Temple Funds.

All that seems necessary now is to record the report with satisfaction & direct that the receipts & Expenditure should be kept in accordance with the order referred to above.

REPORT OF THE CHUNCHANKATTE JATRA AND THE CATTLE SHOW HELD ON THE 16th JANUARY 1915, YEDATORE TALUK.

The Jatra began on the 8th January and continued till the 27th of the month.

The number of people assembled for the Jatra may be estimated at 10,000 as against 18,000 assembled in the previous year, while the cattle collected in the "HORI MALA" according to the contractor's receipts may be stated in round numbers to be 15,000.- The collection of men and cattle was not so large as in previous years though the seasonal conditions were favourable and there was no outbreak of plague or cholra in any virulent form anywhere in the Taluk. The export of cattle having been stopped by war, there were not many sales of cattle and this may probably account for comparatively small collections this year.

A committee consisting of the marginally noted gentlemen was formed to select the best cattle. Mr. L. Krishna Rao, the Special Land Acquisition Officer and Senior Assistant Commissioner Cauvery Reservoir supervised the cattle Show and acted as President.

The undersigned is in full accord with the proposals made last year regarding the planting of topes in the Government portion of the Hori Mala, the construction of sheds or mantaps for the raiyats to protect themselves from wind and rain, and the construction of flight of steps for the Dhanushkoti and would urge upon Government the desirability, nay the necessity, of taking early action in the matter.
